

Step into our future

Our fundraising campaign

St Andrew's College

A history of success, a future of opportunities

At St Andrew's College we believe in the power of education and in each child.

The vision for St Andrew's College now and into the future is based on the same guiding principles upon which the College was founded: Truth, Excellence and Faith.

Our teachers and staff believe that in educating students to become valued citizens and enthusiastic learners for life, we can make a difference to our local, national and global communities.

In creating the best learning environment, which supports the development of mind,

body and spirit, our students can reach their full potential.

We invite you to be part of an extraordinary moment in the school's history – the post-earthquake rebuild and the centennial celebrations.

You can fill your brick donation box, donate through Annual Giving, pledge a gift to Step Into Our Future or make a bequest. All of your gifts are a part of our fundraising campaign between 2013-2017.

Please join me, the Board of Governors and the many donors who have already given their support to St Andrew's College as we "Step Into Our Future".

With sincere appreciation for your support.

Christine Leighton
Rector

Chapel

A spiritual home for all generations, for life.

Ever since the 1950's when boys sold bricks to fundraise for the Memorial Chapel, the Chapel has been where students learn the College's core values which remain unchanged across the decades.

True to these values and the traditions of the College, our new Chapel will respect our history, look to the future and provide inspiration and opportunity for those yet to come.

With your support our new Chapel will have:

- Seating for 650 people;
- Memorial aspects preserved;
- State-of-the art acoustics;
- Facilities for fellowship;
- Private space for reflection.

Sports & Cultural Centre

A facility to expand the mind, body and spirit.

At St Andrew's College learning is a journey, not a destination. Part of the journey is to explore and develop interests outside of the classroom which enrich one's experiences throughout life. The new gym under construction in 2014 is Phase 1 of the new Sports and Cultural Centre. Phase 2, for which we need your support, is to be completed by 2017 and will include:

- Expanded state-of-the art theatre;
- A fitness centre;
- Modern dance studios;
- Much needed classroom and locker spaces;
- Welcoming foyer for gathering and meeting space.

Foundation

The St Andrew's College Foundation — a gift to St Andrew's College forever.

A St Andrew's College education offers a unique experience which should be on offer for today and future generations. The St Andrew's College Foundation manages funds which, through prudent investment, support educational objectives and scholarships for current and future generations.

At the very heart of this generosity is the specific aim to keep St Andrew's College strong and independent by increasing Foundation capital as a means to generate income for:

- Professional development of teachers and staff;
- Capital development;
- Educational resources;
- Scholarships.

Take a step with St Andrew's College...

Just as every student counts at St Andrew's College, so too does your participation and your gift.

*All donations up to the level of taxable income earned by the donor are eligible for a 33.3% tax credit.

**Fill a brick
donation box**

StAC supporters of all ages, can fill a brick with spare change because every cent counts.

**Pledge a cup
of coffee**

For the price of one cup of coffee a week (\$5 a week, for four years) you'll be giving \$1000 to the campaign. Welcome to our coffee club!

**Be a part
of history**

Your gift of \$3000 sees your name, a child's, or a family's name on a plaque recognising donors to the Step Into Our Future campaign.

**Name a
classroom
or provide a
scholarship**

Now is an extraordinary time in the College's history. Please consider a gift of a lifetime. Naming and recognition opportunities are available, so call us to share your vision.

**Leave a
bequest**

A bequest is a wonderful way to ensure that your life and the school that gave you such a worthwhile start and friends are forever connected.

To thank our donors for their gifts over the years, St Andrew's College notes your cumulative giving and welcomes donors to our membership societies.

Stowan Club
\$10,000 - 24,999

Cornerstone
\$25,000 - 99,999

Bequest to
St Andrew's College

Aim high, be bold

Just over 30 years ago I graduated from St Andrew's College and it is a true pleasure to return to the College during this amazing period of intensive capital improvement, growth and success as we prepare for the Centennial in 2017.

I am excited to serve the College through my role as Chairperson of the Step Into Our Future fundraising campaign.

Step Into Our Future is a commitment to the College ethos that an education shapes the young men and women who become our community and global leaders of the future. As the generations did before us, so too shall we ensure that those that follow us have the best of opportunities available.

I believe we all have a responsibility to support and provide security for St Andrew's College and its provision of independent education into the future.

I call on all of our students, parents, staff, friends and Old Collegians to join me in support of this campaign with the enthusiasm and spirit for which our College is renowned. Working together, we will make St Andrew's College even better as we proudly "Step Into Our Future".

Mark Stewart

*Chairperson, Step Into Our Future
Chairperson, St Andrew's College Foundation
Old Collegian (1968-1980) and past parent*
